

Datasheet

Rolalux VH01 Rolldown Cassette

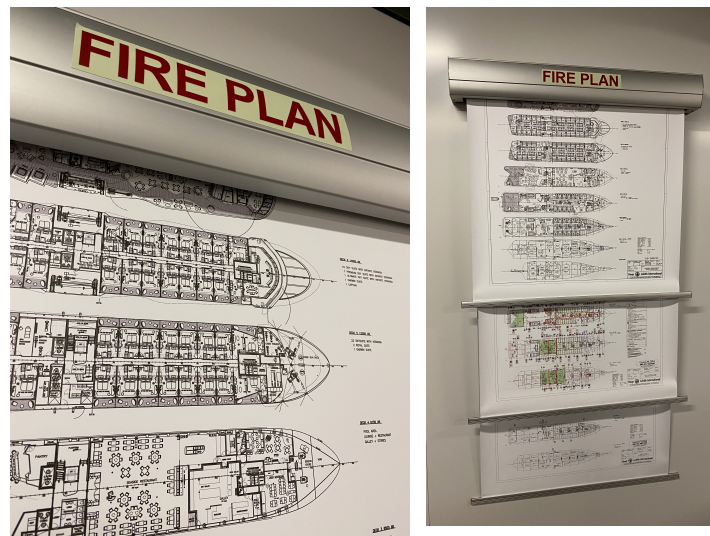

T-ISS

Product description

The Rolalux VH01 Rolldown Cassette gives you the opportunity to store 1 up to 3 different plans in the space. It is required that the general arrangement plans are kept up-to-date. Because of this, the VH01 Rolldown allows for easy replacement of the plans.

You can simply remove and replace all three plans in the Rolldown system easily. Safety and evacuation plans should be permanently available to support the captain and officers on ships above 20 meters.
